

**THE POST-COVID OFFICE
RESOURCES FOR A HEALTHY RETURN**

Arriving to the workplace after months of being away will look and feel different. Successful transitions take a thoughtful and holistic approach, addressing health and well-being from a physical, mental, social and emotional perspective.

With over 300+ manufacturer partners and a full-service installation team, AOS is equipped with a variety of solutions to create an environment that helps your employees feel safe, remain healthy and thrive at work.

As a trusted, local provider with over 45 years of experience, we can respond quickly and efficiently to your rapidly changing pandemic needs. While there is no single "best" approach in these unprecedented times, we believe that a few smart choices will help us all emerge smarter, safer and more resilient as a professional community.

PROTECTIVE PANELS + SHIELDS

Secure every surface. We have a wide variety of CDC-recommended panels and shields keep your team protected at in their workspaces and throughout your entire office.

RAPID RECONFIGURATIONS

See how our space planning experts can quickly reconfigure your office for social distancing, employee safety, and CDC best practices before returning to the workplace.

SANITATION STATIONS

From freestanding dispensers to wipeable trays, we have a variety of products that offer dedicated space for sanitizer and cleaning supplies on desks and throughout your office's shared spaces.

SIGNAGE + WAYFINDING

Creating new habits takes time and repetition. Remind everyone interacting in your workplace to do their part with clear wayfinding and signage.

REDEFINE | DELINEATING SPACE

A key strategy to social distancing practices is space delineation, which uses vertical and horizontal planes of color and material to define space. Space delineation also brings visual privacy, acoustic sensibility, and peace of mind to your environment, which helps manage productivity and personal boundaries.

COUNTER SHIELDS

STARTING AT \$100

Quickly and securely separate space in any environment with counter shields. Acrylics can stand up to harsh cleaners to ensure a sanitary environment for all customers and workers. Created with a clear resin screen, counter shields allow for transparency and can be specified to meet users' needs, such as easy pass-thru windows, framed or frameless.

PERSONAL SCREENS

STARTING AT \$125

The most flexible screen option, personal screens are freestanding dividers that sit on top of existing work surfaces and can be easily reshaped. They are a quick way to add enclosure to spaces around the workplace, including height-adjustable tables or shared desks, and offer users privacy and separation. Personal screens are typically small and portable. These single or three-sided screens can separate users from distractions and provide peace of mind.

FLOOR SCREENS

STARTING AT \$450

Textile space dividers, mobile partitions and panel system screens are flexible solutions that support partially to fully enclosed spaces with optional integrated power for solo and group activities. They help delineate space, reduce visual distractions and noise, and direct traffic circulation. Light-weight and mobile designs make partitions easy to move when you need to create a new configuration on the fly.

WORKSTATION STORAGE

STARTING AT \$250

Create perpendicular separation at workstations and open-plan offices by adding storage or gallery panels. Lockers, pedestals, credenzas, towers and work surface stackers can be tailored to individual needs and provide additional personal space. Offered in a variety of configurations these solutions can provide a balance of accessible and secure storage.

WORKSTATION PANELS

STARTING AT \$300

Workstation screens and panels are available in a variety of materials and sizes to fit your company's needs. Completely customizable, they are highly durable over the course of time and help promote employee safety, health and well-being. Choose from a range of colors and materials to express your branding and design goals whether they are subtle and subdued to bold and proud.

MARKERBOARDS

STARTING AT \$550

Markerboards are the canvas for your best ideas. They offer the chance for collaboration among team members and a designated space to brainstorm, and share ideas with your team. Markerboards also fit into any space while defining boundaries within an open plan.

HIGHBACK LOUNGE SEATING

STARTING AT \$1500

Nooks, alcoves, corridors, and enclaves give employees a quiet place to escape to. Whether you're working solo or in the company of others, a little privacy can do a lot of good. Highback lounge seating creates an intimate space within a public room, and its high screens keep thoughts in and distractions out. In addition, comfort and visual softness allow these small areas to blend seamlessly into the office while still providing the privacy and safe space people need to really focus.

STORAGE SYSTEMS

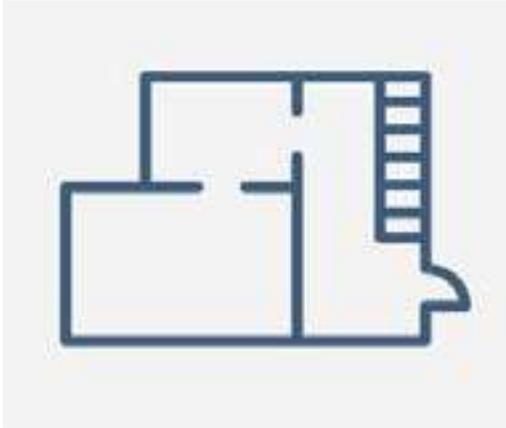

STARTING AT \$2000

Minimal, functional, and endlessly customizable, shelving systems are a unique way to establish space division while displaying company culture. Built to fit, they can vary in size and either be freestanding or wall mounted. Choose from open tops, open fronts, or pass-through abilities along with trays and shelves. From cozy and welcoming nooks to productive and highly functional spaces, shelving systems are a versatile option that can be arranged and rearranged for the exact configuration that you'd like.

RECONFIGURE | MODIFYING FLOORPLANS

A modified floorplan will play a pivotal role in providing a safe and productive workplace. Reconfigurations to existing products can accommodate social distancing practices and reduced capacity while creating an adaptive and resilient environment for now and the future.

RECONFIGURE SUPPORT

PRICED BY ROOM

Our Reconfiguration Services are designed specifically for each client's individual needs. help you get the most out of your existing workspace, improving not only its function and safety but also its comfort and aesthetic appeal.

INSTALLATION SERVICES

PRICED BY ROOM

Ordering new solutions? Our professional team of installers work hand in hand with our project managers to make sure your solutions are built with the utmost precision and care, completing 400+ projects annually across the gulf coast region. Each of these team members participates in monthly training sessions on installation procedures, proper site behavior, best tool practices and safety.

RELOCATION SERVICES

PRICED BY MILEAGE

Changing locations altogether? We have a fleet of 10 delivery trucks on hand, fully insured and serviced regularly, that allows us to respond quickly to any of our client's logistics needs. All drivers are employed by AOS and each truck is equipped with GPS tracking so we know your product is in safe hands from one location to another.

WAREHOUSE STORAGE + MANAGEMENT

PRICED BY SQUARE FOOT

Need to safely tuck items away for a while? Our AOS operated 38,000 square foot Distribution + Service Center is located on high ground in Elmwood Park in Jefferson Parish. This facility and all of its contents are fully insured for any negative contingency.

REINVIGORATE | SUPPORTING REMOTE WORK

Some workplaces may achieve proper distancing protocols by altering employee work schedules. Staggering the workforce allows smaller groups to come in on alternate days or in rotating shifts (for example, morning vs. afternoon) to reduce density. The key will be ensuring a productive environment for team members when they are working remote.

FRESH THINKING FOR THE HOME OFFICE

From comfort and productivity to overall well-being—we're here to help your team thrive as much outside of the office as they do in it. Whether they need an ergonomic chair, better work tools or a complete officeset up, these high-quality, high-performance solutions from our manufacturers are ready to ship in 1-2 days.
